During the Subscription Term, and subject to all terms and conditions of this Agreement, PactSafe will use commercially reasonable efforts to provide the Services and API consistent with your Service Plan. PactSafe may provide the Services and API using third party vendors or service providers. You agree to pay PactSafe the Subscription Charges, in the amounts and at the times specified in your selected Service Plan. You will have the right to register your Authorized Users, who may access and use the Service.

Your use of the Service under a Service Plan may be measured based on the number of Seats described in the Service Plan. connection with the Services. You may only use the API to initiate Requests as expressly set forth in your Service Plan.

PactSafe may modify, amend, change, or deprecate all or part of the API in its sole discretion at any time (an "API Modification"). PactSafe shall use commercially reasonable efforts to provide prior notice to you of any such actions as soon as reasonably practical. You shall, within thirty (30) days from the date of first notice of any API Modification(s) (or such shorter period of time specified in the notice of the API Modification(s)) (the "Conformance Period") comply with such modification(s) by (i) implementing and using the most current version of the API; provided that such current version is provided to you at no additional Subscription Charge (fee), (ii) making any changes to your application using the API that may be required as a result of such API Modification, (iii) using commercially reasonable efforts to stop distribution of all prior versions of your applications using the API, and (iv) using commercially reasonable efforts to upgrade all prior versions of your applications using the API then in use to the most recent version. You acknowledge that an API Modification may have a material adverse effect on your applications using the API, including but not limited to causing such applications to not to operate as designed.
